3/17/04	A01-02-012	Verizon California Inc., (U-1002-C), a Corporation, for Authority to Re-Categorize Inside Wire Maintenance Plans and Billable Repair Service from Category II to Category III Service Offerings.
---------	------------	--

**Summary:** On March 12, 2003, Tim McCallion, President – Pacific Region, Verizon California Inc. (Verizon), met with Cmmr. Brown in San Francisco. Also present were Robert Wullenjohn, advisor to Cmmr. Brown, and Michelle Robinson, Vice President-Regulatory, and Michael Yaki, Counsel, representing Verizon. Written materials (attached to the notice) were used. Verizon's representatives discussed the alternate on inside wire (IW) re-categorization. McCallion noted that the alternate correctly determines that IW repair is competitive; however, the conditional rate cap on the inside wire maintenance plan (IWMP) service is unnecessary and should be removed as it is inconsistent with New Regulatory Framework (NRF) by conditionally capping Category III services. McCallion stated that it unreasonable to cap the IWMP service based on the potential scenario described in the alternate, and noted that NRF category 3 services should be priced based upon the market. In addition, McCallion stated that mandating investments by requiring the deployment of Standard Network Interface devices is unwarranted, costly and arbitrary.

3/17/04	A99-10-010	GTE California Incorporated for authority pursuant to Public Utilities Code Section 851 to lease space to third parties and affiliates, and to share certain assets with affiliates *
---------	------------	---

**Summary:** On March 12, 2004, Michelle A. Robinson, Vice President-Regulatory, Verizon California Inc. (Verizon), met with Robert Wullenjohn, advisor to Cmmr. Brown, in San Francisco. Robinson discussed the key differences between Cmmr. Wood's and Cmmr. Kennedy's alternates and how each addresses Verizon's shared asset methodology of dealing with administrative office space and equipment used by three Verizon affiliates. Robinson emphasized the simplicity of Verizon's shared asset

methodology as compared to ORA's proposal as contained in Cmmr. Wood's alternate. Robinson also noted the fact that under Section 851 the Commission can approve in advance the shared use of administrative assets by affiliates performing administrative functions.
